Experience

Michigan Hackers – President, iOS Developer, Security Core Team, Ann Arbor, MI

Jan 2017 – Pres

- Built club's iOS app using Swift and CocoaPods frameworks including UICollectionView and Google Calendar
- Developed CTF challenges using cyber security concepts, resulting in a CTF event held for Michigan students
- Organization devoted to enhancing its member's programming passions and building a CS community

codeConnects – Web Developer, U.S.

Aug 2017 – Sept 2017

- Connects kids to software engineers and computer scientists across the nation
- Helped develop the company's website (<http://the-cs.org/>) using JavaScript, enhancing the login experience
- Start-up centered around teaching middle to high school students programming, no matter where they are in the world

Personal Website – Web Developer, MI

June 2018 – July 2018

- Used ReactJS (JSX), Node.js, Webpack, and CSS resulting in a public homepage about myself
- Built website from scratch, learning all above technologies while completing the project
- Site to showcase skills, interests, and experiences

Leadership

MLEAD – Student Leader, Ann Arbor, MI

Aug 2017

- Assisted U of M students by helping them move into their residence halls
- Attained valuable skills to become a role model in the Michigan community
- Leadership experience aimed at teaching students how to become better leaders

OHM Advisors – Engineering Aide, MI

May 2017- Aug 2017

- Supplemented engineers in completing construction projects
- Surveyed construction sites to ensure laborers were working according to engineering plans
- Assured inspections were thorough and that structures were clear for public use

Leadership Positions

- Three presidential positions (Michigan Hackers, National Honor Society, Student Council)
